### Explanation:

The Department of Public Utilities requires annual well field maintenance and repair services.

The required services were competitively bid by the City of Sunrise, Florida.

The Interim Director of Public Utilities and the Director of Procurement & Contract Compliance recommend that the City Commission approve a blanket purchase order for annual well field maintenance and repair services in an estimated annual amount of \$100,000.00.

Section 38.40 (C)(5) of the Purchasing Ordinance allows the Director to procure, without following formal procedures, all goods and services which are subject of contracts with the state, its political subdivisions, the United States government, other governmental entities, or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof, provided that the goods and services are (i) the subject of a price schedule negotiated by the state or the United States government, or (ii) the subject of a contract with another governmental entity or a corporation not for profit whose members are governmental entities, public officers, or any combination thereof, which contract is based strictly on competitive bids or competitive proposals and not on any preference.

Award is subject to the City's receipt and approval of all insurance certificates and
