City designed the reclaimed water system so that the existing well water system will continue to be available as a back-up system in emergency situations. MWV hereby grants to City necessary access to these facilities for operation and maintenance purposes. MWV agrees to maintain irrigation system downstream of the point of connection to City facilities to enable acceptance of the reclaimed water reserved capacity. MWV agrees to abide by the requirements of Parts I and III of Rule 62-610, Florida Administrative Code, as amended, pertaining to the land application of reclaimed water for irrigation purposes.

13. Taxes and Utilities

13.1 Applicable Taxes

During the term hereof MWV shall be responsible and liable to timely pay and discharge, before any fine, penalty, interest or cost may be added, any and all federal state and local taxes, personal property taxes, all ad valorem real property taxes (if applicable), fees, assessments and charges levied as a result of use of the premises and activities covered by this Agreement. City represents to MWV that the Licensed Premises and improvements thereon are currently exempt from ad valorem taxation and City will make good faith efforts to continue to maintain the tax-exempt status on the Licensed Premises during the term of this Agreement. Subject to MWV's rights to appeal the applicability or legality of same, failure of MWV to remit such taxes when notified by any federal state or local authority that such are overdue shall constitute a material breach of this Agreement for which the City may exercise any remedy available to it by law or as provided herein.

If the premises and improvements thereon are ever determined to be subject to ad valorem taxation, then MWV shall be responsible and liable to pay such ad valorem taxes.

13.2 Utilities

MWV shall pay on a timely basis all charges for utilities, including electricity, gas, heating, cooling, telephone, water, sewer, gallonage charge on reuse water, and sanitation used by MWV on the Leased Premises. In the event MWV fails to make timely payment of such charges resulting in a lien being placed on the Licensed Premises, such event shall constitute a material default under this Agreement which

shall trigger the City's rights and remedies hereunder. In addition, the City shall have the same rights to discontinue water service to the Licensed Premises that it has with respect to its regular water and sewer customers, and MWV waives and releases the City, its officers, employees and agents, from any and all claims for constructive, unlawful or improper eviction that it may otherwise have by reason of such discontinuance by the City; provided, however, that the City shall not discontinue water service while a good faith dispute exists regarding the amount owed by MWV to the City for water and sewer service, if MWV promptly notifies the City of the existence of said dispute.

14. Termination

14.1 The City may terminate this Agreement with cause in the event of default by MWV, provided that City notifies MWV in writing of the default and MWV fails to cure the event of default within 45 days of City's notice in accordance with Paragraph 16 below.

14.2 MWV may terminate this Agreement in the event of breach or default by the City, provided that MWV notifies City in writing of the breach or default and City fails to cure the breach or default within ninety (90) days of MWV's notice.

14.3 The City may terminate this Agreement, in whole or in part, for its convenience and without cause at any time upon providing written notice to MWV at least one hundred twenty (120) days prior to the effective date of termination, or such shorter period as may be mutually agreed upon in writing.

15. Event of Default

An Event of Default shall mean a breach of this Agreement by MWV. Without limiting the generality of the foregoing and in addition to those instances referred to herein as a breach, an Event of Default shall include the following:

1. MWV has not delivered/performed all aspects of this Agreement on a timely basis;
2. MWV has refused or failed, except in any case for which an extension of time is provided, to supply enough properly skilled personnel;
3. MWV has failed to make prompt payment to subcontractors or suppliers for any services;
4. MWV has become insolvent (other than as interdicted by the bankruptcy laws), or has assigned the proceeds received for the benefit of MWV's creditors, or MWV has taken advantage of any insolvency statute or debtor/creditor law or if MWV's affairs have been put in the hands of a receiver;
5. MWV has failed to obtain the approval of the City where required by this Agreement; and
6. MWV has failed in the representation of any warranties stated herein.

If MWV shall abandon or vacate the premises before the end of the term of this Agreement, or is in material default of this Agreement, and the material default is not cured within forty-five (45) days written notice of such default and MWV shall provide City within the 45 day cure period with documentation for remedying the default; the City may, at its option, forthwith exercise its rights and remedies hereunder, including applying the Payment and Performance Bond(s) or MWV's Letter of Credit cure such defaults and/or termination of this Agreement. If sufficient funds are not available from such sources to cure MWV's default(s); and in the event of any such termination by City, the City may enter said premises as the agent of MWV, by legal process or otherwise, without being liable in any way therefore and re-license the premises with or without any furniture that may be therein, as the agent of MWV, and if the full compensation herein provided shall not be realized by City over and above the expenses to City in such re-licensing, MWV shall pay any deficiency. MWV agrees to pay the cost of collection, including the City's attorney's fee for any legal action upon default by MWV that MWV does not cure, including any costs or fees incurred by City to recover possession of the Licensed Premises.

Any waiver by City or MWV of an event of default on the part of the other party shall not be construed as, or constitute a waiver of; any subsequent event of default of the same or any other term, covenant and condition herein contained to be kept and performed by either party.

In the event this Agreement is breached and uncured by MWV and therefore terminated other than by mutual agreement prior to its normal expiration date, the City may apply any remaining funds from MWV's Letter of Credit or the Payment and Performance Bond(s) being held by City against any outstanding capital improvement obligations of MWV or the maintenance and operation obligations of MWV for the Licensed Premises. Upon termination of this Agreement for cause, the City will diligently pursue the obtaining of a new operator to take over operation of the Licensed Premises. As provided in this Agreement, all improvements made by MWV to the Licensed Premises and all equipment purchased by MWV shall become the property of the City with no liability to City based on termination of this Agreement.

16. Removal of MWV's Property Upon Termination

Upon early termination of this Agreement for cause, MWV shall remove its equipment and furnishings which belong to MWV and do not otherwise become the property of the City from the premises within thirty (30) days of the termination of this Agreement. However, MWV's failure to remove its personal property within the period stated shall automatically be deemed abandonment by MWV of said equipment and shall become the property of City, or at the City's option, removed and stored at MWV's expense. Any capital improvements made by MWV shall remain the City's property according to the provisions of this Agreement.

17. Successors and Assigns

The City and MWV each bind itself and its partners, successors, executors, administrators and assigns to the other party of this Agreement and to the partners, successors, executors, administrators and assigns of such other party, in respect to all terms and conditions herein. Nothing herein shall be construed as giving any rights or benefits hereunder to anyone other than the City and MWV.

18. Applicable Venue

This Contract shall be governed by the laws of the State of Florida. Any and all legal action necessary to enforce the parties' rights under this Agreement shall be held in Broward County Circuit Court. No remedy herein conferred upon any party is intended to be exclusive of any other remedy, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder or now or hereafter existing at law or in equity or by statute or otherwise. No single or partial exercise by any party of any right, power, or remedy hereunder shall preclude any other or further exercise thereof

19. Discrimination

MWV warrants, represents, and covenants that it does not and will not unlawfully discriminate in its hiring practices.

20. Enforcement Costs

Except as otherwise expressly provided herein, in any legal action or other proceeding brought for the enforcement of the parties' rights hereunder, to the extent permitted by law, the successful or prevailing party shall be entitled to recover reasonable attorney's fees, court costs and all expenses (including taxes) even if not taxable as court costs (including, without limitation; all such fees, costs and expenses incident to appeals), incurred in that action or proceeding, in addition to any relief to which such party or parties may be entitled.

21. Authority to Practice

The City and MWV hereby represent and warrant to each other that they each have and will continue to maintain, during the term of this Agreement, all licenses, permits and approvals required in order to conduct business and carry out their respective obligations hereunder and that each of them will at all times conduct their respective business activities in a professional, lawful and reputable manner. Proof of such licenses and approvals shall be submitted to MWV's and City's representatives upon request.

22. Contract Administrator

The City hereby designates the City's Director of Parks, Recreation and Cultural Arts, and/or designee, as the City's Contract Administrator/Representative for purposes of administering this Agreement and MWV's compliance with same and for communicating with MWV's representative, Josh McCumber.

23. Severability

If any term or provision of this Agreement, or the application thereof to my persons or circumstances, shall to any extent, be held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement, or the application of such term or provision, to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected, and every other term and provision of this Agreement shall be deemed valid and enforceable to the maximum extent permitted by law.

24. Debt

MWV represents warrants and covenants that it will not and shall not pledge the City's credit or make it liable or a guarantor of payment or surety for any contract, debt, obligation, judgment, lien, or any form of indebtedness. MWV further warrants and represents that it has no obligation or indebtedness that would impair its ability to fulfill the terms of this Agreement.

25. Contingent Fees

MWV warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for MWV, to solicit to secure this Agreement and that it has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for MWV, any fee, commission, percentage, gift, or any other consideration contingent upon or resulting from the award or making of this Agreement. Violation of this article shall constitute a material default by MWV entitling City to its rights and remedies hereunder.

26. Personnel

MWV represents that it has, or will secure at its own expense, all necessary personnel required to perform the services under this Agreement. Such personnel shall not be employees of or have any contractual relationship with the City, nor shall such personnel be entitled to benefits of the City including, but not limited to, pension, health, and workers' compensation benefits.

All of the services required hereunder shall be performed by MWV or under its supervision, and all personnel engaged in performing the services shall be fully qualified and, if required, authorized, or permitted by law to perform such services. MWV represents, covenants, and warrants that all services shall be performed by skilled and competent, full-time on-site management and operations personnel to the highest professional standards in the applicable field.

MWV hereby designates, appoints and authorizes Josh McCumber to be MWV's Representative hereunder and as the person in charge of MWV's day-to-day operations of the Licensed Premises.

Any changes or substitutions in MWV's representative(s) must be made known to the City's Administrator(s) and written approval must be granted by the City's Administrator(s) before said change or substitution can become effective.

27. Entirety of Contractual Agreement

The City and MWV agree that this Agreement, together with the Exhibits hereto, which are hereby incorporated herein, and RFP No. 4442-15-1S sets forth the entire Agreement between the Parties, and that there are no promises or understandings other than those stated herein. None of the provisions, terms and conditions contained in this Agreement may be added to, modified, superseded, or otherwise altered, except by written instrument executed by the Parties. The Recitals are true and correct and incorporated herein by this reference. In the event of any conflict or inconsistency between

this Agreement and the provisions in the incorporated Exhibits, the terms of this Agreement shall supersede and prevail over the terms in the Exhibits.
