RECITALS

The Parties enter into this Amendment No. One with reference to the following facts:

WHEREAS, the Cooperative Agreement that funds the Agreement was funded under the Inflation Reduction Act;

WHEREAS, on January 20, 2025, the President issued an Executive Order titled “Unleashing American Energy,” which states in section 7(a):

Sec. 7. Terminating the Green New Deal. (a) All agencies shall immediately pause the disbursement of funds appropriated through the Inflation Reduction Act of 2022 (Public Law 117-169) or the Infrastructure Investment and Jobs Act (Public Law 117-58), including but not limited to funds for electric vehicle charging stations made available through the National Electric Vehicle Infrastructure Formula Program and the Charging and Fueling Infrastructure Discretionary Grant Program, and shall review their processes, policies, and programs for issuing grants, loans, contracts, or any other financial disbursements of such appropriated funds for consistency with the law and the policy outlined in section 2 of this order. Within 90 days of the date of this order, all agency heads shall submit a report to the Director of the NEC and Director of OMB that details the findings of this review, including recommendations to enhance their alignment with the policy set forth in section 2. No funds identified in this subsection (a) shall be disbursed by a given agency until

the Director of OMB and Assistant to the President for Economic Policy have determined that such disbursements are consistent with any review recommendations they have chosen to adopt.

WHEREAS the Parties desire to similarly put a pause on work under the Subaward until a determination is made by the funding agency on whether disbursements under the Cooperative Agreement can proceed.

NOW THEREFORE, the parties agree as follows:

1. Appendix V, STANDARD PROVISIONS, is amended to add the following section after the end of section 3.5:
 3.6. HISPANIC ACCESS may suspend this Subaward at any time if the federal government indicates that payment of invoices will be delayed. Upon receipt of a notice of suspension, Subgrantee will immediately cease all work related to the Agreement, except as specified in the notice of suspension, will minimize any pending costs allocable to the Subaward and will not incur any new costs after the effective date of the notice of suspension. Upon written request, Subgrantee will comply with all reporting obligations under the Agreement. Programmatic expenses incurred prior to the date of suspension and expenses necessary to carry out the suspension will be considered for allowability under the existing Agreement, subject to available federal funding. Upon receipt of notice from the funding agency, HISPANIC ACCESS will notify Subgrantee of the end of the suspension period and Subgrantee will resume work under the Subaward. If requested by HISPANIC ACCESS, Subgrantee will provide a revised schedule which shall be subject to HISPANIC ACCESS' review and approval.
2. The Parties agree that the Notice send by HISPANIC ACCESS on January 31, 2025 constitutes a notice of suspension under section 3.6. If it has not already, Subgrantee will immediately cease all work related to the Subaward and will comply with the provisions set forth in paragraph 1 of this Amendment No. One.
3. Each of the Parties expressly reserves all its respective rights and remedies under the Agreement. Except as expressly modified as set forth herein, the Agreement remains unchanged and, as so modified, the Agreement shall remain in full force and effect.

C. ORIGINATING SOURCE OF FUNDING

C.1 The originating source of the funds hereunder is Federal cooperative agreement No. 24-CA-11132544-012 with the USDA, Forest Service.

Initials 

C.2 The **Assistance Listing** number is: **10.727, "Inflation Reduction Act Urban & Community Forestry.**

D. AMOUNT OF SUBAWARD, PAYMENT, AND COST REIMBURSEMENT

D.1 It is anticipated that the amount obligated will be sufficient to cover project activities through the completion date. HISPANIC ACCESS shall not be liable for reimbursing the Subgrantee for any costs in excess of the amount the current, incremental funding in the budget period or in excess of what is specifically and explicitly agreed to in this Agreement.

D.2 Payment will be made to Subgrantee on a reimbursement basis. Reimbursement will only be made upon the timely receipt and acceptance of invoices in a format established by or pre-approved by HISPANIC ACCESS. Funds will be made available within 30 days of the approval of the invoices.

D.3 HISPANIC ACCESS reserves the right to withhold cash payment for any of the following:

- Subgrantee failure to make satisfactory progress towards the goals and objectives set forth in the Project Work Plan.
- Subgrantee default of or otherwise inability to adhere to the conditions or provisions of this Agreement.
- Subgrantee inability to submit reliable and/or timely reports or other deliverables as described in this Agreement.

D.4 HISPANIC ACCESS reserves the right to withhold 10% of the Sub-grant Amount from final payment until after all required final project reports are received and accepted by Grantee.

D.5 All payments to Subgrantee will be made via ACH, through Bill.com. Subgrantees will be required to register with Bill.com.

D.6 All funding on this Subaward is to be provided on a "Cost Reimbursable" basis. "Cost reimbursable" means the following:

- Subgrantee may not exceed the total funded cost ceiling of **\$455,659.00** or future established yearly limitations.
- Subgrantee is only approved to submit reimbursement for line items identified in the approved project budget, such as salary, fringe benefits and indirect costs (per a NICRA, if any, or the 10% de minimis rate per 2 CFR 200.414).
- Any estimates in the Subaward budget or proposal such as an estimated monthly or yearly wage, and/or an estimated fringe rate, shall not be the basis of a monthly reimbursement. Reimbursements must be based on historical incurred expenditures.
- Per 2 CFR 200.332, HISPANIC ACCESS reserves the right to require the submission of documentation to support invoiced amounts based on the risk rating determined by HISPANIC ACCESS for purposes of this Subaward. The level of documentation will vary according to the associated risk rating.

Initials  

- Unless there is prior approval, no monies will be provided on an advance basis.
- All payroll related as well as non-labor costs must be incurred first for a monthly period, and by invoice be reimbursed to the Subgrantee using a *Subgrantee Monthly Reimbursement Request Cover Sheet* form located in Appendix III.
- Support of all labor and/or fringe benefit, any other direct costs must be supported by receipts.
- Wages must be supported with completed time records and payroll registers for the period invoiced. Timesheets must reflect the total time charged during the pay period to include this Subaward and other activities. Timesheets must be signed by both the employee and supervisor. The recovery of labor cost is computed by dividing their annual salary by 2,080 hours. The resultant hourly rate is then multiplied by the number of hours worked on the Subaward for the month. For the first invoice, and every time the employee's annual wages change, Subgrantee shall submit a copy of their personnel notice that establishes their rate of pay.
- Fringe benefits such as employer share of payroll taxes should be supported from the payroll register. Other benefits such as health insurance (medical, dental, vision), disability, pension or other must be supported by specific documentation that documents their benefit. An alternative method is to provide a ratio (percentage) of total fringe benefits divided by total labor from the audited Statement of Functional Expenses or similar report for the most recent audited fiscal year.
- Once a year, Subgrantee shall provide documentation to reconcile payroll, payroll taxes and all fringe benefits as paid based on documents requested to confirm payment of expenses. Financial records, supporting documents, statistical records, and all documents pertinent to performance of this Agreement shall be retained as required in Appendix V.
- No pre-award costs are authorized, i.e. no expenditures will be reimbursed for costs incurred before the Effective Date. Unless and until the subaward is extended, only costs are authorized between July 1, 2024 through December 31, 2026 inclusive.
- Payment of invoices is contingent upon a determination by HISPANIC ACCESS that the amounts invoiced are allowable, allocable, and reasonable under applicable rules and regulations, including 2 CFR 200, Subpart E. Reimbursement of any expenditure is not a final HISPANIC ACCESS decision about the allowability of such cost and is not a waiver of any violation by Subgrantee of the terms of this Agreement. Subgrantee must promptly refund any excess payments received from HISPANIC ACCESS, including any costs determined unallowable by the Agency and/or through subsequent audit or investigation, including but not limited to audits initiated by Subgrantee, HISPANIC ACCESS, or any governmental entity.
- The funds received by Subgrantee pursuant to this Agreement shall be used only for allowable expenditures to implement the Project or provide the services in conformance with the Budget and for no other purpose. If the Agency or HISPANIC ACCESS determines that any amount paid to Subgrantee was for an unallowable expenditure, Subgrantee is required to refund the monies for the identified expenditure.

D.7 In accordance with 2 CFR 200.501(a), non-federal entities that expend \$750,000 or more in federal awards from all funding sources during their fiscal year, must agree to have a Single Audit conducted in accordance with 2 CFR 200.514, which shall be completed within nine months of the entity's fiscal year end per 2 CFR 200.512. If Subgrantee has received a Single Audit for the preceding year, a copy shall be provided. Subgrantee agrees to have such an audit conducted if applicable.

**City of Hollywood, Florida’s Revised Urban Forestry Project Grant Scope of Work
June 2024**

The City of Hollywood, Florida, is a beachfront community located in southeastern Broward County, midway between Miami and Fort Lauderdale. We are home to more than 60 parks, five golf courses, seven miles of pristine beaches, and the one-of-a-kind Hollywood Beach Broadwalk. Even though our city is close to the urban metropolitan Miami area, Hollywood provides a hometown atmosphere with a world-class beach in the heart of South Florida.

Hollywood is committed to providing the highest quality of life for our residents and has made Environmental Sustainability a priority for the City. The City understands the economic, social, and environmental values that street trees provide the City. Our densely populated urban community has incorporated improving our urban forest into our capital improvement plan and provides an on-staff Urban Forestry Supervisor to manage both installation and maintenance projects. In 2023 the City completed Phase I of our City-wide Tree Inventory with funding through the Urban and Community Forestry Grant Program. The inventory provided information on all trees, including cataloging, GIS location, species, size (diameter and height), condition, and notes of importance such as utility lines or construction nearby. The expertise gained from that project has allowed the City to identify areas that need improvement of the tree canopy.

In 2020, Hollywood completed a City-wide Vulnerability Assessment and Adaptation Plan. This project included literature review, data collection, climatological impact analysis, and preliminary adaptation planning efforts for critical City-wide assets. This project was conceived as an initial step (Phase 1) to assist the City in developing a consistent approach to addressing and mitigating potential long-term climate change impacts.

One of the areas relevant to the findings regarding climate impact categories included the occurrence of “heat islands” during extreme heat events and canopy tree coverage around the City. The trend towards extended durations of higher temperatures in the region, its potential to adversely impact vulnerable populations, and ways in which impacts might be mitigated were also explored. The City developed a vulnerability assessment that measured both tree canopy coverage and vulnerable population locations to identify areas that may need assistance.

From the results of the tree inventory and the 2020 vulnerability assessment, the City identified an area west of the Florida Turnpike to be in need. The area has been identified with a low to medium sensitive population risk (households with 65+ and households below the poverty line) and medium to low canopy coverage.

Project Scope:

The goal of the City of Hollywood’s Urban Forestry Project is to utilize the \$455,659 Urban and Community Forestry Grant funding award to install approximately 478 trees within the designated swale areas (public rights-of-way) in disadvantaged communities in the following Census Tracts/Block Groups:

The City proposes to install the following trees as part of the grant project:

- Southern Oak
- Green Buttonwood
- Silver Buttonwood
- Organ Geiger
- Gumbo Limbo
- Stoppers
- Sabal Palms
- Bridal Veil
- Dahoon Holly
- Pigeon Plum
- Royal Poinciana
- Yellow Poinciana/ Copperpod

The project will also include a community outreach and education component within the local community. This effort will help protect and improve the appearance of the public right-of-way and maintain the character of the neighborhoods. The planting of these trees will promote public health, safety, and the general welfare of the highly sensitive population.

Project Manager:

The Project Manager for the City of Hollywood Urban Forestry Project will be Joshua Collazo, the Public Works Superintendent. Mr. Collazo is an ISA Certified Arborist FL – 9143A, Certified Horticulture professional FCHP # H9351362, and holds a bachelor’s degree in public administration from Barry University. He has a strong background in urban forestry management. Mr. Collazo’s current position with the City is Urban Forestry, Grounds, and Street Superintendent. His divisions are responsible for the maintenance of City grounds, trees, streets, and special projects for the Public Works Department.

As the project manager, Mr. Collazo will oversee the procurement of an experienced consultant to complete the project. In addition, he will use his knowledge of the tree population within the City to assist the consultant and provide technical assistance when necessary. He will work with the Public Works department to ensure the plans and the project meet the needs of the City. Once the plan is complete, he will utilize the information gathered to update the current tree inventory to manage the tree population more effectively on a daily basis and as part of emergency management efforts.

Recently, the City, led by Mr. Collazo, completed a tree planting project at Hollywood Boulevard between 17th Avenue to the Intracoastal. The project involved the installation of 145 trees, palms, and shrubs, consisting of Alexander and Montgomery Palms, Silver and Green Buttonwood, and Pink Tabebuia Trees. The completed project was managed by Mr. Collazo and improved the tree canopy of the City of Hollywood.

Project Timeline:

The proposed project will consist of the following deliverables: 1) Delivery and Installation of Trees, and 2) Public Outreach and Education.

Activity	Timeframe	Completion
Project Area Survey	4 Months	November 2024
Landscape Consultant Selection / Commission Approval	3 Months	February 2025
Landscape Design / Community Outreach	6 Months	August 2025
Procurement / Bidding / Commission Approval	5 Months	January 2026
Permitting	3 Months	April 2026
Planting	6 Months	October 2026
Project Closeout	1 Month	November 2026
Total Duration	28 Months	

Budget and Narrative:

The grant budget has two cost elements, Tree Planting and Community Outreach and Education, as shown in the table below.

Grant Element	Total Cost
Tree Planting	\$ 400,659.00
Community Outreach	\$ 55,000.00
Total Project Cost	\$ 455,659.00

Additional information regarding scope and cost breakdowns for each of the cost elements shown above is provided below.

- 1) Tree Planting Cost Breakdown – All-inclusive cost for the permitting, purchasing, and planting of approximately 478 trees within the disadvantaged areas designated on Attachment A.

Item	Quantity	Cost	Total Cost
Permitting @ 4.78%			\$ 18,259.00
Tree Planting	478	\$ 800.00	\$ 382,400.00
Total Estimated Cost			\$ 400,659.00

The City will retain a landscape design consultant for this project once the grant award contract has been fully executed. We estimate the cost of each tree to be \$800 depending on the size and species of tree. We will provide Hispanic Access/USDA a list of the proposed trees and information about any trees whose costs exceed \$800 after landscape design is completed and prior to any work being performed.

The project will also require permitting which includes a required review of the project drawings/landscape design. The permitting process will include reviews by the Development Services Department to insure the landscaping requirements are met based on the City's Zoning and Land Development Regulations and Code of Ordinances. A traffic engineering review will also be completed by the Development Services Department to ensure the plantings will not pose a safety hazard to traffic.

And the project plans will be reviewed by the Public Utilities Department to ensure the plantings will not obstruct, interfere with, or otherwise threaten various underground or above ground utility services.

The City assesses one fee for these permitting services which is based on the project value. The permitting fees estimated for this project are based on our two most recent tree planting projects whose permitting fees ranged between 5 – 7% of the total project cost.

The City will competitively bid the project according to the grant conditions and requirements and our own strict procurement procedures in accordance with State of Florida Procurement Law. Per City code, all projects above \$50,000 are procured competitively.

An overview of the targeted planting locations is attached. The City has established size classes for the proposed trees. Once the landscape designer is on board, we will develop a comprehensive breakdown of species, quantities, and sizes. We will follow the City’s tree ordinance which requires a minimum of 2” caliper. During the landscape design process, the City will follow the grant criteria and percentages required to maximize tree canopy and diversity of plantings. Cost per tree will be refined as the landscaping design progresses.

The City requires a one-year minimum warranty on all landscaping installations and the cost is included as part of the cost per tree. And upon completion of the project, a turnover package is provided to the City’s Public Works Department, who will assume responsibility for maintenance according to the recommended criteria.

2) Community Outreach and Education Cost Breakdown – The City will engage a consultant to conduct public meetings, community outreach, and educational sessions with the community. This will help promote the environmental benefits within the community and educate them about tree species and proper maintenance.

Item	Total Cost
Outreach & Education	\$ 55,000.00
Total Estimated Cost	\$ 55,000.00

The City views the Outreach and Education component as critical to earning continued support for the project from community stakeholders and leaders. Therefore, the City will follow our established procurement process to select a consultant to conduct a multi-pronged education and awareness campaign.

As proposed, the consultant will support the success of this project by:

- \$10,000 - Leading an initial community event that educates the target communities about the project, including the species of trees being planted and the benefits of the proposed tree plantings.
- \$15,000 - Holding 2 - 3 community outreach meetings via homeowners and civic associations and/or community events in the target areas to provide project updates during the planting period.
- \$20,000 - Providing 2 - 4 educational sessions to inform residents about the various tree species that were planted, proper maintenance of the plantings, and reinforce the environmental benefits of the tree plantings.
- \$10,000 - Using stories and collateral captured during the events to assist the City with various written and electronic communications to further educate, inform and reinforce the benefits of this project within our community.

14.2 HISPANIC ACCESS shall at its discretion have full access to and usage of any materials, in complete or excerpted form, produced as a result of the funding granted under this Agreement. Possible uses include publication in HISPANIC ACCESS publications, on the HISPANIC ACCESS website, and in local and national events or education tools. Subgrantee shall be accorded acknowledgment for any materials produced by the Subaward and used by HISPANIC ACCESS.

Grants and Agreements

Complying With Civil Rights Requirements

Your Responsibilities as a Partner With the Forest Service

“Simple justice requires that public funds, to which all taxpayers of all races contribute, not be spent in any fashion which encourages, entrenches, subsidizes, or results in racial discrimination.”

— President John F. Kennedy, in his 1963 message calling for the enactment of Title VI of the Civil Rights Act

Who is required to comply with Federal Civil Rights laws?

If you receive Federal funds or assistance, such as a grant or agreement, from the U.S. Department of Agriculture(USDA), Forest Service, by law you must provide equal opportunity for all people to participate in the programs and activities you offer. For example, you should not deny or exclude anyone from programs, services, aids, or benefits. Also, you must not retaliate in any manner against a person who files a complaint or opposes any unlawful or discriminatory practice. The back of this brochure shows Federal Civil Rights laws that apply.

This brochure provides a basic overview of your responsibilities for ensuring nondiscrimination in the delivery of your programs and activities to the public on bases covered by Federal law. These bases include race, color, national origin, sex (in educational programs or activities), age, and disability.

What are some types of Federal funding and assistance?

- Federal monies given by grants, subgrants, cooperative agreements, challenge cost-share agreements, cost-reimbursable agreements, or loans
- Training presented by a Federal agency
- Loan/temporary assignment of Federal personnel (e.g., a Forest Service employee instructing a course at a local university)
- Loan or use of Federal property at below market value

Are you a recipient of Federal funding and assistance?

You are a recipient if, through a partnership with the Forest Service, you receive Federal funding or assistance (either directly or through another recipient) to conduct a program you offer to the public.

Recipients include:

- Any individual receiving Federal funding or assistance
- A State or local government

- American Indian or Alaska Native individual, tribe, corporation, or organization
- Any public or private agency, institution, or organization (e.g., university, college, or nonprofit)

What are your responsibilities for complying with Federal Civil Rights laws?

As a partner with the Forest Service, your responsibilities for complying with Federal Civil Rights laws include, but are not limited to:

- Signing a nondiscrimination assurance clause certifying that you will comply with Civil Rights laws (SF-424B or SF-424D). If you have subrecipients, obtain a signed assurance from them. An example of a subrecipient is a local community organization receiving a subgrant from a State forestry agency.
- Displaying the "And Justice for All" U.S. Department of Agriculture poster (AD-475A) in your public reception areas or other areas visible to the public. Contact your local Forest Service office to obtain copies.
- Including in any of your publications and outreach materials related to a grant or agreement project, a statement of affiliation with the Forest Service, e.g., "This publication made possible through a grant from the USDA Forest Service." OR "This research was conducted in cooperation with the USDA Forest Service." OR "This research was funded by a grant from the USDA Forest Service."
- Providing program information in alternative formats for people with disabilities and in alternative languages for people with Limited English Proficiency (LEP), as appropriate to your customer base.
- Developing a language access plan to translate or interpret vital documents free of charge to your customers when needed or requested by local members of the public with LEP. Visit <http://www.lep.gov/lepbrochure.pdf>.
- Identifying a person to be responsible for ensuring your program is in compliance with Civil Rights requirements.

- Reviewing all your policies, procedures, and practices to ensure they do not limit participation on the basis of race, color, national origin, age, disability, or sex (in educational programs and activities).
- Evaluating the accessibility of your programs and facilities. If they are not now accessible, develop a transition plan for making them accessible and then carry out the plan as appropriate.
- Ensuring that your staff understands their Civil Rights responsibilities, including their role in the USDA complaint process.
- Providing outreach to a wide variety of communities to ensure diversity if you advertise or market your program.
- Providing the Forest Service with demographic information on program participation based on race, national origin, sex, age, and disability, where applicable.
- Including the following statement about nondiscrimination and how to file a complaint in your publications and outreach materials:

"In accordance with Federal law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, disability, and reprisal or retaliation for prior civil rights activity. (Not all prohibited bases apply to all programs.)
