**2025 AMENDED AND RESTATED
TRANSPORTATION SYSTEM SURTAX INTERLOCAL AGREEMENT (THIRD AMENDMENT)**

This 2025 Amended and Restated Transportation System Surtax Interlocal Agreement ("2025 ILA") is entered into among Broward County, a political subdivision of the State of Florida ("County"), the municipalities that formally approved and are a party to the Transportation System Surtax Interlocal Agreement that was executed by County on August 29, 2018, and such additional municipalities that are signatories to this 2025 ILA (collectively, the "Municipalities" and each a "Municipality"), and the Broward County City Managers' Association, Inc. ("BCCMA"). County, Municipalities, and the BCCMA are each a "Party," and collectively referred to as the "Parties."

RECITALS

A. Pursuant to Section 31½-71, et seq., of the Broward County Code of Ordinances ("Transportation Surtax Ordinance"), a 30-year 1% transportation surtax ("Transportation Surtax") was levied after approval by referendum of the general electorate at the General Election on November 6, 2018, with the proceeds to be expended for authorized transportation and transit projects in accordance with applicable law, including Section 212.055(1), Florida Statutes.

B. On or about November 8, 2018, County and Municipalities entered the Transportation Surtax Interlocal Agreement that addressed the distribution of proceeds of the Transportation Surtax ("Original ILA"). The Original ILA was amended in June 2019 ("First Amendment"), and in March 2021 ("Second Amendment"), further defining the relationship between the parties thereto, and adding the Broward Metropolitan Planning Organization ("BMPO") as a party for purposes of the evaluation and ranking of certain capital projects for potential Transportation Surtax funding (the Original ILA, as amended by the two amendments, is referred to herein as the "ILA").

C. The portion of Transportation Surtax Proceeds (as defined herein) that County previously committed to distribute to Municipalities has, to the best of each Party's knowledge, been properly distributed for municipal programs and projects that were deemed statutorily eligible for Transportation Surtax funding under Section 212.055(1), Florida Statutes, such as community shuttle programs; capital planning, design, and projects; and road rehabilitation and maintenance projects.

D. As the Parties' working knowledge and experience with the Transportation Surtax program has increased, the Parties have determined it would be beneficial to fully restate the ILA, including (i) to address the status of the remaining Cycle 1 Projects and the ability of County to terminate such projects that are not under a Surtax Funding Agreement; (ii) to reprioritize the current distribution of Transportation Surtax funding to Municipalities among Community Shuttle, Capital Projects, and Rehabilitation and Maintenance (R&M) Projects; (iii) to provide for a new Formula-based Funding model as defined in Section 4.3.1. for R&M Projects and On-Demand Transportation during County Fiscal Years 2026 to 2032, subject to availability of

Transportation Surtax funding; (iv) to create new means of allowing Municipalities the ability to obtain Transportation Surtax funding to be used as required local match in relation to state and federal appropriations and grants; (v) to streamline the manner by which projects funded by the Transportation Surtax are placed under Surtax Funding Agreements; (vi) to provide Municipalities with flexibility on how each will use Formula-based Funding from the Transportation Surtax; (vii) to permit multiple Municipalities to collaborate on the joint management of their Community Shuttle programs; (viii) to permit the ILA to be more easily modified, if and as required, to more efficiently and effectively distribute the Transportation Surtax Proceeds committed to Municipalities; and (ix) to describe the role that the BCCMA will have in connection with certain parts of the programs established between County and Municipalities.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties agree to amend and restate the Interlocal Agreement, in its entirety, as follows:

ARTICLE 1. RECITALS; DEFINITIONS; AND EXHIBITS

1.1. Recitals. The above-stated Recitals are true and correct and are incorporated herein by this reference.

ARTICLE 2. ELIGIBLE MUNICIPAL PROJECTS

To constitute an Eligible Municipal Project, in addition to meeting the requirements contained within Section 212.055(1), Florida Statutes, the proposed project must meet the following eligibility criteria, as applicable:

2.1. Primarily Public Benefit: No proposed Eligible Municipal Project relating to a road is eligible for Transportation Surtax funding unless the primary benefit of such project is associated with a public road or public right-of-way. Proposed projects located within gated communities and other nonpublic roads or nonpublic rights-of-way are not eligible for funding under this 2025 ILA.

2.2. Street Lighting: A proposed Eligible Municipal Project that includes improvements to lighting systems is only eligible if it illuminates the road or public right-of-way primarily for the benefit of vehicles, pedestrians, or bicyclists. Such street lighting work may be a component of a Municipal Capital Project that included phases that were funded earlier with Transportation Surtax funds and/or different funding source. Municipalities must obtain a lighting justification report consistent with any applicable written County and FDOT policies as well as the criteria outlined in the version of the Florida Greenbook in use at the time the design and construction work are being performed.

2.3. Drainage: Public road stormwater drainage system improvements are eligible to the extent the applicable Municipality obtains certification from a licensed Florida professional engineer stating that the drainage improvements primarily address stormwater runoff from public property onto a public road or public right-of-way. Drainage improvements onto or from private roads and/or developments may have partial eligibility if the drainage improvements primarily benefit a public road or right-of-way.

2.4. Sound Walls: Noise abatement projects involving the construction or improvement to sound walls are only eligible for Transportation Surtax funding if the requested sound wall: (1) (a) is part of an Eligible Municipal Project involving the addition of through lanes to an existing roadway; (b) alters the roadway alignment significantly; or (c) involves the construction of a new roadway; and (2) is also consistent with any applicable written County and FDOT policies as well as the criteria outlined in the version of the Florida Greenbook in effect at the time the project design and construction work are being performed.

2.5. Fiber-Optic Improvements/Real-time Transportation Signage: A proposed Eligible Municipal Project relating to the installation or improvement to real-time transportation signage (e.g., traffic warnings, notifications of roadway closures, etc.) that involves fiber-optic improvements or connections is eligible for Transportation Surtax funding only if access to the fiber-optic system has received written approval from all entities that are responsible for maintaining and operating that fiber-optic system.

- 2.6. Landscaping: Landscaping improvements are only eligible if within the public road right-of-way immediately adjacent to the road improvement project at issue. Such landscaping improvements may be a component of a Municipal Capital Project that included phases that were funded earlier with Transportation Surtax funds and/or different funding source.
- 2.7. Parking: Improvements used for park-and-ride (or other transit-oriented development parking) that serves the public are eligible, provided that any parking fees charged that exceed the actual costs of operating and maintaining the facility may only be utilized for transportation-related improvements within the applicable Municipality and provided such improvements, if Transportation Surtax funding had been sought, would have been eligible for Transportation Surtax funding.
- 2.8. ADA Accommodations: Components of Eligible Municipal Projects involving improvements to roads for purposes of ADA compliance are eligible for Transportation Surtax funding.
- 2.9. Safety Assets: Proposed Eligible Municipal Projects involving traffic calming improvements (i.e., speed control devices or improvements that otherwise comply with Applicable Law other than cameras used to issue citations) on a public road or right-of-way are eligible.
- 2.10. Decorative Elements/Functional Public Art: Proposed Eligible Municipal Projects that include decorative elements and/or functional public art (e.g., pavers for crosswalks, decorative wayfinding signage for roads, decorative sidewalk benches, artistic road lights, decorative shade structures over sidewalks or public transit shelters, etc.) are eligible for partial Transportation Surtax Funding in an amount equal to the cost of the standard, nondecorative/nonartistic alternative for design and/or construction (as applicable), and provided that Municipality's engineer of record attests in writing that the decorative/functional public art component has a useful life that is at least as long as the standard, nondecorative/nonartistic alternative. Municipalities are encouraged to coordinate the inclusion of decorative elements and/or functional public art components with applicable County agencies (e.g., the Cultural Division, the Public Works Department, etc.).

ARTICLE 3. STATUS AND TERMINATION OF CYCLE 1 RANKED PROJECTS

As of the Effective Date, the Cycle 1 Ranked Projects shown on Exhibit A are not currently under a Surtax Funding Agreement. MAP Administration may, in its discretion, after consultation with the affected Municipality, terminate any such project unless, within ninety (90) days after the Effective Date, Municipality and County have entered into a Surtax Funding Agreement for that project. MAP Administration shall provide the Municipality with at least thirty (30) days' advance written notice of any intention to terminate a Cycle 1 Project pursuant to this section.

Should Municipality believe it has good cause for an extension beyond the ninety (90) day period provided for in this section and disagree with MAP Administration's decision to terminate a
